July 2023

Precision Parts and Remanufacturing

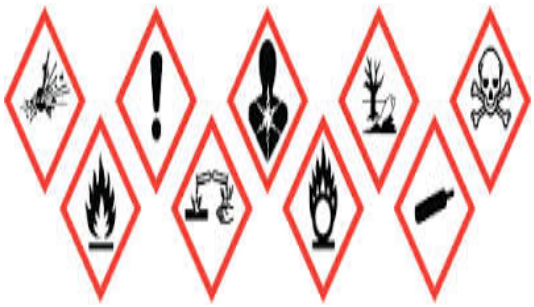

"PPR is committed to consistently deliver high quality remanufactured products, on time, and accurately, through a team dedicated to continual improvement."

Safety Topics for July: Hazardous Materials

Hazardous Materials- any solid, liquid, or gas that can harm people, other living organisms, property, or the environment. This term, used almost exclusively in the United States, is often abbreviated HAZMAT. Dangerous goods may be radioactive, flammable, explosive, toxic, corrosive, biohazardous, an oxidizer, an asphyxiant, a pathogen, an allergen, or may have other characteristics that render it hazardous in specific circumstances. Hazardous materials have to be hauled off to be disposed of.

Hazardous Waste at PPR includes:

- Filters & Absorbents from Plating Operations
- Waste Treatment Filter Cake
- Spent Plating Chemicals
- Plating Tank Sludge
- Evaporator Bottoms
- Waste Paint
- Solvent

PPR will be closed Monday July 3rd and Tuesday July 4th in Observance of Independence Day.
PPR will reopen at 6am on Wednesday July 5th.
